ARRESTS

Wow!! Thanks to 24/7 Security Services for assisting on securing The Carousel, staff, residents and our most valuable guest. We are pleased to announce that at least two successful; arrests were made. Thank you to all Security Officers both Gaming and Estate for ensuring that this place remains safe for our clients, staff and residents.

SUMMARY OF 1st ARREST

On Monday 3rd August 2015, at about 08h20, Act Duty Manager Solomon Kutumela reported to his Senior Manager (Alfred Matlou) that while he was busy conducting perimeter fence patrol accompanied by Senior Supervisor Solly Ditabo they found ± 12 meters of outer perimeter fence {Razor wire} cut off and stolen at Papatso, a few meters away from R101 road towards N1 freeway side. This fence was stolen at the same place where another fence {± 16 meters of Razor wire} was stolen on the 26th July 2015.

On the very same day at about 10h00 Senior Manager Alfred Matlou, Duty Manager Solomon Ditabo and Senior Supervisor Solly Ditabo went to the nearest scrap yard across the R101 road to check if maybe they could find the stolen fence but they did not find anything, they decided to drive to Carousel View Village where there is new stands behind the Carousel, Shell Garage, they drove around at the stands and noticed that one of the stands were fenced razor wire and it looked the same as the ones that were stolen. They immediately contacted one of the Carousel Game Rangers who is responsible for the fence and asked him if he could come and identify if the fence. Site Manager Mr Coen were also informed, he gave permission to approach the owner of the stand for questioning. The Game Ranger checked and measured the fence and he confirmed that it is in fact the stolen as it is the same measurement as the ones that was stolen.

The house owner reported that she bought the fence from an African male residing at the nearest village and the supplier promised to deliver another one next week. Solomon, Solly, Alfred and the Game Ranger went to the address of the suspect (Supplier) to locate him but he was nowhere to be found. They went to the Carousel SAPS to open a case against the owner who bought the fence, she was arrested for buying stolen property. The fence was confiscated and loaded on the Construction Tractor back to Carousel Warehouse to be kept as evidence during court proceedings

SUMMARY OF 2nd ARREST

Our Site Manager Mr. Coen Pretorius, Estate Duty Manager (David Sindane) and S/O Tebogo Majadibodu received a tip-off from an unknown source that there are strangers walking in the bush field next to the Village. David and Tebogo went to investigate and they spotted foot prints next to the fence, they followed the prints until they found were the suspects gained access into the premises.

They found three teenagers at one of the staff member's house inside the garage with stolen goods such as food and other valuable items. The teenagers are from the nearby village across the Road and the incident was reported to their parents. No SAPS case was opened due to their age. They were verbally warned and left under their parents care.
